Congratulations to everyone that passed!!!

It was a very tough and demanding Grading (as it always should) but with all the current restrictions and thus having to change how we assess members, it was an extra challenge for everyone. Some needed a firm reminder of what Instructors are looking for, but then snapped into shape immediately, and showed us what they can do!

**All awards will be given out in classes from Thursday 8th October if not sooner.**

### **High Level Grade Scores**

With the changes to the assessment criteria, Instructors were using a slightly different Grading Score System. Rather than giving points, they allocated a score between C and A\*\* for each section. The final score was then based on the collective overall scores given for each section. Our highest score of the day was A\* and here are those that achieved it:

**Paul Scholes**

**Jaycee Crook**

**Daniel Marchant**

**Abigail King**

*We still have a few White & Yellow Belts to Grade in classes over the next few days, so this will be updated once they are completed.*
